Dear Mr. Peters,  
**Draft Allerthorpe Neighbourhood Development Plan 2018**

Thank you for consulting Historic England in connection with the pre-submission draft Neighbourhood Development Plan prepared for Allerthorpe Parish Council.

Having considered the proposals we do not consider that there is a need for Historic England to be involved in advising on your Neighbourhood Plan at this time. However in light of the heritage assets that are in the area, we consider that the conservation officer at the East Riding of Yorkshire Council is the best placed person to assist you in the development of your Neighbourhood Plan. They can help you to consider how the strategy might address the area's heritage assets.

You might also consider contacting the staff at Humber Archaeology Partnership who look after the Humber Historic Environment Record and give advice on archaeological matters. They should be able to provide details of not only any designated heritage assets but also locally-important buildings, archaeological remains and landscapes. Some Historic Environment Records may also be available on-line via the Heritage Gateway ([www.heritagegateway.org.uk](http://www.heritagegateway.org.uk)). It may also be useful to involve local voluntary groups such as the local Civic Society, local history groups, building preservation trusts, etc. in the production of your Neighbourhood Plan.

Your local authority might also be able to provide you with more general support in the production of your Neighbourhood Plan. National Planning Practice Guidance is clear that where it is relevant, Neighbourhood Plans need to include enough information about local heritage to guide planning decisions and to put broader strategic heritage policies from your

Correspondence or information which you send us may therefore become publicly available.

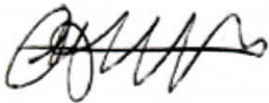

local authority led local plan into action at a neighbourhood scale. If appropriate this should include enough information about local non-designated heritage assets including sites of archaeological interest to guide decisions.

Further information and guidance on how heritage can best be incorporated into Neighbourhood Plans has been produced by Historic England. This signposts a number of other documents which your community might find useful in helping to identify what it is about your area which makes it distinctive and how you might go about ensuring that the character of the area is retained. These can be found at:-
